HART BEACH SINCE 1971

Early 70's Hart Beach' founding father Etsko Schuitema established the first pillars of our surfing concept. It was his dream to bring people with a love for surf together and the Vissershavenweg in Scheveningen was a great place to start. As sons of this surf legend we (Paul en Romke Schuitema) have been brought up with both our feet in the sand. Since the passing of our dad in 2004, we proudly continue Hart Beach as this is our heritage. Everything we saw during our many travels around the world, everything we learned through the great people we met and every inspiration from experiences we gained can be found in the details of our Surf Village. Together we created a place destined for surf, to hang out and enjoy life. Here, we are living our dream.
